
Help us save lives in our community.

When you sponsor Komen Greater Iowa, you sponsor thousands of women receiving vital breast health services across our service area! As the need for services in our community increases, the need for additional financial support increases as well. As a supporter of Pink Mulligan, your dollars will be going to support our national and local community grants programs serving underserved populations in our 106-county service area. Your sponsorship helps us extend our impact with 75% of the proceeds from this event staying in our community to support programs, while 25% funds world class breast cancer research.

The event will consist of a great day of golf, special contests and celebration as we all join together to raise additional funds for breast cancer research, education, screening, treatment and support services. Whether it's providing a mammogram, diagnostic services or helping cover the cost of a nurse navigator, your sponsorship helps give women in Iowa their 'best shot' for a healthy life.
